Deadheads have great energy - they go in to shows get over the ocean, live in hardship, save up money to go on the Europe tour.

Genesis 3:13 - When Satan deceived Eve he had no authority over her. Satan deceived woman after Adam ate from the tree, authority was given over to Satan until the deliverer came and Satan then had no authority over man. The gospel - good news - cuts through this deception and exposes Satan's plan and power that he keeps man under.

Genesis 3:14-21 - actually made a negative covenant with Adam. It tells the condition of that covenant until the curse is totally lifted. It speaks about the serpent, the tool that was used by Satan to bring about the fall so the serpent was cursed and also about the downfall of Satan, his head crushed and his authority taken away by Yahshua. He is now unlawfully deceiving man. Flesh is unlawful. In Messiah the flesh is crucified. Malachi 5:24

We are no longer susceptible. We must give answer if we cannot judge ourselves. We must find out why we can't judge ourselves. Some have died. Lack of spirituality causes us to not judge ourselves. If we don't judge ourselves we will be judged.

We are not susceptible to the flesh if we crucify the flesh everyday, the desires of the flesh. We are not susceptible but we are vulnerable. We have a defense, a way to judge, if our flesh isn't crucified. Luke 9:23 - die daily. Satan himself is an indwelling energizer. He energizes people to do his will. This is why colleges were instituted. No longer do people live a simple life, raising children (like in cities). When a person receives the sacrifice of our Master they drive the energizer of Satan out and now learn to judge themselves. Intimidation is a spirit that interferes with us helping each other. Satan is the power of the air. We are no longer susceptible if we are living by the spirit. Each person has a responsibility to live by the spirit, in devotion to the Spirit. We must seek Him.

Some of us even in the body have greater energy, like greater grace and faith. Grace needs to be upon us for energy. Some have greater energy for the work that was prearranged for them to spend their lives doing. Some have energy to spend their lives doing what was NOT prearranged for them to be doing. Our Father always gave the appearance of the snake, there is something that should go off in you, a reminder of what happened. The snake was upright at one time. The curse affects this, the serpent which Satan used and Satan himself. Genesis 3:14 The serpent of old probably was the most desirable of the animal kingdom, now it is the most undesirable, the most loathsome. The thought of a snake is a reminder of the devastating effect of sin. We must see this when we present the good news.

Genesis 3:16-17 In the world and in the edah a man is to rule over the woman's susceptibility, to rule over what would cause the man to have had bad judgment and fall. There is no way to deal with Satan without your head being bruised. If you crush his head you will bruise your heel in crushing his head. In crushing his head our heel will be bruised in many ways. This is a hard way, but we will learn a lesson we will never forget. We will

not subdue the evil without suffering hardship. Our Masters heel was bruised when He was murdered. Because He crushed Satan's head he has no authority over us, and the same for the flesh, the flesh is crucified. Without the word, and if our flesh is not crucified, we are still susceptible.

I John 2:1, John 8:51 - present utterances. He didn't come knowing obedience, but He learned obedience through the things He suffered. And we do too. There is no easy way to enter the Kingdom. We must learn the hard way, it is the only way, to learn. Yahshua learned obedience through the things He suffered. He didn't bring obedience. He wasn't born knowing obedience. He learned it through His suffering. Hebrews 5:3-9 If you're not suffering you're not learning obedience, and you're not a son. The greater the suffering, the greater the glory. But we must suffer for a purpose, like suffering for the purpose of learning obedience.

Adam's sin didn't look too great, eating a piece of fruit, but his sin was listening to his wife. He deliberately chose that sin. Our Master chose to be one with us, taking on our sin. Adam chose to be with woman, but man must be the head and rule over woman. Salvation can't be known or preached without the knowledge of the fall of man. Since we know this we can see who loves Messiah, "If you love Me you'll obey Me." If you let the flesh rule over you then you don't love Yahshua. The flesh takes our energy and zeal away. Our Master will come and only those who can leap up to Him will go with Him. This shows that you were judging yourself crucifying your flesh no laziness, loving one another - a high energy level. Satan the energizer of the world has no power or authority over them.

Tantamount to the loss...of joy is loving lawlessness. We must love righteousness and hate lawlessness. The degree of joy we have is to the degree that we hate lawlessness. Yahshua had the greatest joy of anyone. If we are thirsty we go to where we can get streams of living water, John 7:38 People will come to you just like they go to Yahshua. This is where the festivals will come from. The mirth for the festivals will come from these streams.

Apostles, prophets and the greatest evangelists that ever lived will be raised up along with pastors, shepherds and teachers. The 20th century evangelists speak to the flesh. The world needs to see evangelists that are polished arrows, Our Father only cooperates with us if we are seeking His glory. Our Father and the Holy Spirit can't speak to us if we are not obedient to Him. We cannot have our mind on the flesh, Yahshua didn't have His mind on the flesh. In the New Covenant we only need a wish to keep our own life and then we slip off of the track and love that masquerading spirit. Satan's servants imitate servants of righteousness. You can't hardly tell the difference.

Hebrews 2:1 - We must pay closer attention and be faithful for the rest of our lives. We are still in the foundational things, these are what we must pay closer attention to. We should not be susceptible to death if we have this true, pure living water in us. The stakes are too high in us to entertain anything or another spirit, or entertain any flesh in us. His purpose isn't done on the earth because men continually entertain and capitulate to the flesh, lovers of themselves and not lovers of God.
