The Effect of the Cross

The cross of our Master Yahshua is received only by those who have revelation of the character and will of our Father. Our Master received the cross. He knew. He went willingly. He knew the consequences, what it's going to establish in the universe. That's us. We know the effect of us laying down our lives.

The universe — our Father is going to give it to us. His will is being revealed to us. Lk 9:62 — We cannot put our hands on the plow and then look back.
