Elders are led by the word of the prophets.

The whole world is into feeling good and what makes them feel good - Dr. Feelgood. Some (times) disciples can only serve our Master when they feel good, the world carries right over in us (disciples). That's why people drink wine and beer. Paul said, "Don't be drunk with wine, but be filled with the spirit." People filled with the spirit act like they have been drinking, all their inhibitions have been broken down.

You can't be an evangelist if you think about yourself, thinking you're alive. We must be like Philip, he was an evangelist. Once you think about yourself, you are DEAD. The gospel is the greatest thing. We must see this so we don't need crutches like musical bands, etc. Bands are good too, though. Remember we are here because someone wasn't intimidated and ran after us. People respond to our love and knowing that we are there for them, not for ourselves. People want life - we have life. They know their life is superficial, like drugs, and it wears off. They really are looking for life.

We need to appreciate and be warm to the American soldiers. They think that they are in the wrong crowd, and everyone is down on them. Are we the people of Yahweh or the people of Yahshua? Yahweh is incorporated in the Son, Yahshua, forever the people of Yahshua, the name above all names. It is the name of Yahshua that all will bow down to. Yahshua said, Keep them in Your name which You have given Me." This tells a whole lot about the names.

The Holy Spirit doesn't reason. He is clear and speaks. We must make decisions not by resorting to reasoning, but by hearing and saying what the Holy Spirit is saying to us.

There has been no group of people ever that has been pursued by our Father like the Deadheads have. We are the absolute truth for them, we have the very words of life for them. We must see what we are doing and not have blinders on.

We are going to start putting parables and stories in the new paper for people with eyes to see and ears to hear to see what will happen to them when Jerry Garcia dies and there is no more band to follow. Then many may come to our community.

Parables are an earthly story with a heavenly meaning. They are designed so only one with a good heart may understand them. Ha emeq could write stories so people will wonder what they will do when their well runs dry, like if Jerry Garcia dies.

The Pharisees travel across the seas, go to no end or expense to make one convert, but they make them twice the son of hell. We do the same, but we are obligated to give a spiritual baby their first milk lest we make them twice the son of hell also. We've done the same thing coming across the ocean. We don't impress Christians, they've come across the ocean, etc. Matthew 23:13-15
