Good News to Our Children

We are thankful for our children, thankful our Father caused them to be conceived. They are Abraham's seed. Our children were not an accident but were chosen. He knew each of our children before the foundation of the world. Out of four billion sperm cells He chose you. Our children believe that Yahshua rose from the dead. All they have to do is confess it with their mouth and they will come into the breaking of bread and the New Covenant. Like Seth, he is a son of the covenant. His parents made the covenant so he is a son of the covenant. Seth belongs to Him. Seth is His possession. Our children believe in their heart. Our children are sons of Abraham, they are circumcised. It is people who come in from the outside (that John 3:23 applies to) who may not be entrusted with His Spirit, not our children who were born for this, to be entrusted with His Spirit. Our children were born in Israel, they were chosen for this life not for anything or anywhere else.

Some voice comes to our children telling them, "I don't feel saved." It is an opposing voice, not the shepherd's voice. Our children believe in their heart that our Father raised Yahshua from the dead. We are in the covenant, so our children are in the covenant. Our Father will not lose one of His precious ones. Not one. Michael Painter was not in the covenant so Rachel isn't in the covenant. Pierre Bilodoe was not in the covenant, he was a murderer, he murdered his own self. Pr 22:6; Mal 4:6.

This is good news to our children. Zechariah is obviously a son of Nehemiah and Dardah. They don't do anything but serve so Zechariah doesn't do anything but serve. Our Father will not cast off His seed. Our children must put these bad thoughts aside. We know our children love their mothers and fathers. We need to have mercy on the youth who doubt. There is no need to be cut off. Our youth need to be reaffirmed that Yahshua is their King and Sovereign. We can't let our enemy take control of our children, we must encourage and affirm them.
