Hearing from Him

The morning and evening sacrifices are for the purpose of our God meeting and speaking with us. We offer up incense and offer up prayers, offering up what we need to live in this age. First, to hear what He has to say through His chosen people, what He puts on their hearts. This is the reason we go to teachings on First Day to bring forth first fruits. Our worth is determined by our revelation, what we hear. Faith comes from hearing. We couldn't be saved without hearing. Hearing gave us faith to receive the Holy Spirit and as we go along we live by faith and are restored by faith. If this is not happening we are just lying dormant.

If we received the Holy Spirit we have the potential to hear from Him if we set our mind on Him. Colossians 1:22; Philippians 2:15. We will be presented blameless before Him in the next age. This depends how we submit — as His headship is administered you submit. You can't submit unless you are humble, if you refuse to humble yourself you will be opposed. Being humble is the only way you can forbear with your brothers and sisters. The Word is so we can obey. How we hear at the sacrifices is according to your worth. We are not worth any more than what we hear. We must give our undivided attention and devotion to the word and the apostles teaching. They received from the anointing in order there would be submission and unity.**** We are not worth any more than we can pass on to our brothers. We are worthless if we don't obey the greatest commandment. They only people who go to the lake of fire are not worth anything to our God. Satan isn't worth anything, he has no glory.

Those united with our Master, we have glory. We are perfect in our position. We are the perfect man, we are in Him and are growing up into that new man. It was preordained. We don't see everything yet. He is waiting until we put all things under His feet. Hebrews 10:13. Positionally we are seated with Him; experientially we need to do something. Without faith we sin, we continually sin and stuff cotton in our ears. With cotton stuffed in our ears we are not worth anything, hearing is what matters in the Body. We hear teachings on First Day, we are full of glory when we come to the sacrifices and praise comes forth. When you share what you received at the teachings it brings back remembrance of what He taught us. It is how we are edified and built up.

Hearing and speaking to one another is the only way we can grow up into Him. He speaks in varied forms so we all grow up into the head. We are required to hear if we are in communion with Him. If He doesn't speak to you then you are dormant. Every part has a head. Listen with *shamah* and *qashab*. We live this way, if we don't hear in faith we are dead and without the life giving Spirit. We have a purpose for going to teachings, to build up the Body. Someday we will go to many different teachings and He will meet our needs by everyone sharing and everyone loving. He is a good Father. He fathers us, we hear from Him. We can hear from Him individually but He wants to hear from us.

Last night the teacher shared what he had already taught that day. He should have waited for the response from the people. Pretty soon the ecclesiastical system of the second century will set in here.

ha-emeq — What Yoneq said reminds me of the story of Elisha. Elisha wanted to go and fight but his servant was scared. For a second his eyes were opened to see that they had an army of angels with them. It's the strategy of the enemy to keep you down, so you say, "Oh, I'm quiet and shy." This strategy makes you never able to speak. It is a plan to keep us quiet. Yoneq was sad yesterday, he has the vision. Our Father needs workers but Yahshua needs us to build the Body. We can move a lot of snow but we can't hear from our Father. We are a lazy and a fat

people sitting around in pews with a preacher trying to stir us up. Yoneq saw this last night. Dancing and music are a waste of time unless we can hear from our Father. It is a lot more important to hear from our Father than getting snow off the court.****

Derush — We're in the valley of decision.****

Yoneq — Let's pray our Father would do that work in us. The strong help the weak. We are to be aggressive in our love for one another.

ha-emeq — Quiet people need the power of the Spirit to help them talk. It cracks the shell and you are free.

Yoneq — We are all changing...
