It's Better If I Go

John 16:7 — Our Master said, "It's better if I go." But they wanted Him to stay and be their King. But He said it's better if I go, or I won't be able to send My Spirit. It's to your advantage that I leave. The disciples wanted Him to be with them all the time, but our Master knew that the edah would grow and how could He be with all of them then. He had a better plan; he had to go back and be coronated King in heaven. He wanted to be King in heaven so He could be in our hearts and we could worship Him by the Spirit in our hearts. It's His will that we have an invisible King, and it is by faith that we live — in this age. It is the better way in this age that we would relate to our King YAHSHUA.

Acts 2:33-34 YAHSHUA the Son of David ascended and was coronated, becoming both Sovereign and King. We have a King right now and He is going to come back to this earth when the time is right. Then the earth is going to have the King. Why? because then He is going to rule the whole earth and He made it so that He would need us — desperately. And we need Him desperately — more. He needs both. Both husband and wife is needed to rule the family well. So we have a King. Spiritually and positionally (Eph 2:6) we have already ascended to the throne. But experientially, we have to make Him our King. We have to ascend there in our spirit, in our heart. You can see that He is King in Eph 2:6, and in the next age we will actually ascend to His throne — if we are part of His throne on earth. That's as if we are already there in the next age. We are not there bodily but spiritually we are standing there with Him. We don't know exactly what that means but we go by the revelation we have received.

But anyway, we know He is our King in this age and the age to come. And in Rev 5:10 we see that we will rule here on earth. He is in heaven now and we worship Him by faith. He is going to find out who will ascend to His throne and worship Him and let Him be their King by faith. And it is those who will rule with Him in the next age. It's simple. So we know what is ahead of us. The Holy Spirit is given to us to tell us what is to come, to reveal all truth to us. The Teacher, the Spirit of truth (Jn 16:13) — He will announce the things that are to come. Even though He said that, the disciples said, "Are you going to establish the kingdom now in Israel?" (Acts 1). And He said, "You just be lead by the Spirit, He will lead you into all truth.

And here we are, 200 million hours later than Acts 1. One year is 8000 hours, with 700 morning and evening sacrifices. 1000 years is 9 million 750 thousand hours. It is so important that we would not have to go to death. If I don't forgive you from my heart, that's where I'm going. I wouldn't be fit to rule if I'm not made ready now.

Our Master spent 72 hours in death. A minute is a long time if you have your finger in the fire. But with a mortal body, after a few seconds, the nerves are severed and so you don't feel anything anymore. But with an immortal body, the pain will continue. In Rev 20:11,12 everyone was resurrected and so they have an immortal body and they are put into the lake of fire. Their nerves wouldn't sever. The first few seconds of pain forever. That's what the word communicates to me. That's what our Master is trying to say to us. He took that for us.

If I or you don't forgive, we have not been forgiven. (Mt 18:34,35) So here we are in this age — brothers and sisters. We have the opportunity to forgive one another from our heart, not from our mind, but from our heart. And how do we repay Him? pour out everything. He deserves that we'd pour out everything for Him and not hold back anything. That's how much our Master means to us.

Let's ascend to His throne. We are already there positionally. Let's pray for revelation and understanding about that. We know He is in heaven and His Spirit is in us. Somehow it has to

connect. His Spirit was in Him, but now I have to love His Spirit which is in my heart. Miriam wanted Him to be with her all the time. If He were here we would all want to be with Him. 'But instead I'll give you My Spirit and you can have fellowship with Me through my Spirit, and I'll find out who loves Me and who draws near and who goes to the throne of grace and continues his relationship with Me'.

Yadon — We can extend mercy because we have experienced the most profound mercy that could ever be.

Yoneq -

We are eternally forgiven but now we need to forgive and be forgiven in order to enter His kingdom. Now we have the capacity to forgive, and we can if we realize how much we have been forgiven. If you have been forgiven much, you will love much.

We are forgiven and we are baptized into the Body where we have to forgive. There is no way out. We have to give and take and forbear and forgive. Our Master knew that — that we were faulty people who needed to be forgiven.
