

## The Marriage

*\_Morning of the wedding of Elionai and Hephzibah Kalah.*

Messiah and the edah are compatible, perfectly suitable to one another, because He left everything for her and she left everything for Him. We have to leave father and mother in order to become part of His bride. There is no marriage unless those who get married leave father and mother. YAHSHUA became our head. We have to renounce father and mother, the evil ruler of this world - everything, then we become bone of His bone and flesh of His flesh. There is no closer way you can get to someone than being one spirit with them.

Divinity is going to dwell in humanity. That is why YAHSHUA became a man. We were created in His image so that we could be compatible. He could have nothing more suitable for Him than human nature. He cannot conceive of a more marvelous suitability than human nature and divine nature. That is the marriage. We are betrothed to Him. We are the bride, waiting to be married to Him.

We have to confess with our mouth that He is our Sovereign. He is our King. We had to do that initially in order to be delivered from the domain of darkness into the kingdom of light. It has to be a confession of faith. Confession comes from the innermost part of you, from where God dwells and from where He has given us light and illumination.

ha-Emeq: It is so clear YAHSHUA could be your king, your Sovereign. The Sovereign is the one who gives you orders. He tells us to be good, kind, loving. He gives us the strength to do it. Then there is another king who tells you to be selfish and greedy. It is so clear. You tell the children something and they want to do it. You tell some older people something and they need to consider, reason, think about it. They leave being like children behind. It is so clear that only children will enter the kingdom. He rules over a kingdom of children. Some children get old really quick and some older people are like children. There are two responses: one is light and willing - a child's response, and the other one is heavy, totally not childlike.
