

The First Sin of Public Education

The public school educational system is based on the first sin, the desire to know everything apart from God. Pr 2:6 — “YHWH gives wisdom, from His mouth comes knowledge and understanding.” God ordained the family to train children. Dt 6:6-7; Ps 78; the proverbs; Eph 6:4 – Parents are commanded to educate, to train up their own children in YHWH. It is not optional.

Our children must be saturated in God’s truth. How can this happen when they are captive day in and day out in classrooms suffocating in the anti-God dogmas of our enemy? (1 Jn 5:19). We don’t have time to resuscitate the failed, godless school system. Why would we want to anyway?
