The Walls of Babylon

Bel Jesus

Jer 51:44 — The walls of Babylon: a wall of double construction. The outer wall (12 feet thick) being separated from the inner wall (21 feet thick) by a dry moat 23 feet wide.

Bel in Babylon: the Babylonian god. The defeat of Babylon will also be the defeat of her god.

In Rev 17 and 18 mystery Babylon is none other than Christianity, and Christianity has a god named Jesus — Jesus Christ. *Bel* is the god of which *Jesus* is the anti-type. Bel Jesus, the god of Babylon/Christianity.

Rev 14:8 broadcasts the fact that Christianity (mystery Babylon) is fallen in defeat, with her god *Jesus* (*Bel*), bringing the world to remember Rev 18:1.
